Important Notice to our Young Cruisers

Those guests 17 years of age and under who are not accompanied by an adult must be clear of all public areas by 1:00 am each evening unless involved in an Adventure Ocean activity / Teen activity. Public Health Advisory:

Consuming raw or undercooked meats, poultry, seafood, shellfish, or eggs may increase your risk for foodborne illness, especially if you have certain medical conditions.

Helpful Health Information

Medical experts tell us that the best way to prevent colds, flu, or gastrointestinal illnesses – such as a Norovirus that can be transferred easily through person to person contact – is to simply wash your hands thoroughly with soap and warm water after restroom breaks and again before eating anything. Symptoms of Noroviruses include an upset stomach, vomiting and diarrhea. In fact, the only illness that is more prevalent is the common cold. Should you experience any gastrointestinal illness, please visit the ship's medical facility for a complimentary consultation and treatment if necessary.

Health Advisory

Diseases Spread by Mosquito - ZIKA virus, Chikungunya virus, Dengue fever: In order to reduce the risk of contracting any number of diseases spread by mosquito bite, including ZIKA virus (in countries where Zika virus transmission is ongoing [see <http://wwwnc.cdc.gov/travel/notices>]): Malaria, Dengue Fever (especially in the Dominican Republic, Puerto Rico, India, Mexico, and Haiti), and Chikungunya (especially in Haiti, Dominican Republic, and St. Martin [both French and Dutch sides]), travelers are urged to take precautions to avoid mosquito bites by remaining in well screened or air-conditioned areas when possible, by wearing clothing that adequately covers arms and legs, and by applying insect repellent to both skin and clothing. The most effective repellents are those containing DEET at a concentration of 20-30%. Mosquitoes carrying the ZIKA virus may bite at all times of the day or night, but there are two peak periods of biting activity – in the morning for several hours after daybreak, and in the late afternoon, for several hours before dark. Pregnant women who are travelling to one of these affected areas may contact our onboard medical center staff, and are encouraged to strictly follow steps to avoid mosquito bites during the trip (see <http://wwwnc.cdc.gov/travel/page/avoid-bug-bites>). Mosquito repellent may be purchased in the onboard gift shop or in the medical facility."

USEFUL INFORMATION

Adventure Ocean Back Deck – Please note that the Back Deck behind the Youth Facility on Deck 12 is for ages 12–17 only. No adults permitted.

Alcohol-Free Zones – We ask parents to please be aware that the areas at and around the Adventure Ocean and Arcade located on Deck 12 aft are strictly alcohol-free zones. We ask that you please respect our youth activities areas.

Alcohol Policy – Guests twenty-one (21) years of age and older on the day of boarding are welcome to enjoy alcoholic beverages. All guests are kindly reminded not to provide alcoholic beverages to anyone under the age of 21. Guests who violate any alcohol policies, may be disembarked at their own expense, or not allowed to board, in accordance with our Guest Conduct Policies. Our Bar Staff have been instructed to ask for proof of age. Thank you for your cooperation.

Broadcast Television – Royal Caribbean International is proud to offer the following licensed satellite programming available in international waters: CNN International, CNNFN, CNN Español, ESPN International, TNT International, Cartoon Network, Boomerang and Bloomberg TV. (Domestic broadcast feeds can only be legally broadcast within 12 miles of the United States coastline.) Brief moments of satellite signal loss can be expected at any time – an inevitable consequence on a moving ship. In addition, some major sporting events may not be available due to blackout and broadcast rights restrictions. We hope you enjoy the widest variety of stateroom television entertainment available at sea.

Cruise Services Directory – Found in your stateroom is a Cruise Services Directory that contains answers to frequently asked questions, a telephone directory and a Room Service Menu.

Disruptive Behavior – Roller blades, roller shoes, roller skates, skateboards, scooters, bicycles and similar items may not be utilized onboard (except for mobility aids related to special needs, as approved by the ship's medical staff).

Entertainment Seating – Please remember: no saving of seats. We also kindly ask that all children sit with their parents.

Gratuities – The automatic daily gratuity charged to the onboard SeaPass® account is shared by among the dining & culinary services staff, Stateroom Attendants and other housekeeping and guest services personnel who work to enhance the overall cruise experience. Guests who prepay their gratuities prior to boarding their cruise, will not have a daily automatic gratuity charged onboard. Many of our guests wish to reward particularly exceptional service during their cruise with additional gratuities. Guests may do so by increasing the automatic gratuity amount on their SeaPass® onboard account at the Guest Services desk or with a cash gratuity at their discretion.

Guest Conduct Policy – For the safety, comfort and enjoyment of all Royal Caribbean International guests, we have developed certain Guest Vacation Guidelines for both adults and children. These guidelines cover a variety of areas, including but not limited to: •Smoking •Verbal abuse •Violent and/or unruly behavior •Excessive, offensive language •Possession of an illegal substance •Vandalism •Solicitation
If Royal Caribbean International determines that any guest is in violation of these guidelines, we may be forced to ask the offending party to leave the ship at the next available port of call. Please make sure to familiarize yourself with these guidelines. A copy can be obtained at the Guest Relations Desk or in the Cruise Services Directory.

Helpful Health Information – Norovirus: With seasonal viruses appearing in the United States, Europe and around the world, Royal Caribbean International, working in conjunction with the Centers for Disease Control, has instituted enhanced cleaning procedures onboard all its ships. You will likely see some of these activities during your cruise vacation. Medical experts strongly suggest travelers pay close attention to washing their hands. The experts tell us that the best way to prevent colds, flu and gastrointestinal illnesses is to simply wash your hands thoroughly with soap and hot water after bathroom breaks and again before eating anything. Your cooperation and assistance with this matter would be greatly appreciated.

Important Health Information – Recently, there has been a world-wide increase in the number of cases of Dengue Fever. Dengue Fever is caused by a virus and is characterized by a high fever, severe headache and eye pain, chills, body and joint pains, nausea/vomiting and a transient rash. The disease is spread to people by the bite of an infected day-biting mosquito. There is no direct person-to-person spread of the illness. In order to reduce the risk of contracting any number of diseases spread by mosquito bite, including Dengue Fever, we urge you to take precautions to avoid mosquito bites by remaining in well screened or air conditioned areas when possible, by wearing light-colored clothing that adequately covers the arms and legs, and by applying insect repellent to both skin and clothing. Like you, we take all health issues seriously, and we hope this information is helpful to you.

Liberty Day Spa and Gym Classes – Any cancellations must be made 24 hours before the appointment to avoid a 50% charge.

Liquor/Tobacco Policy – Guests are not permitted to bring alcoholic beverages onboard; with the exception of boarding day when guests are permitted to bring onboard with them up to two (2) bottles of wine (which are subject to a corkage fee) per stateroom. Security may inspect containers (including water bottles, soda bottles, mouthwash, canteens, etc.) at any time and will dispose of alcohol concealed in such containers. Alcoholic beverages that are purchased from onboard shops or in ports of call (which must be presented to security upon re-boarding), will be secured by ship's personnel. Alcohol secured by ship's personnel will be returned to guests just prior to the conclusion of their cruise vacation. Guests who are under the permitted drinking age will not have alcohol returned to them.

Medical Care – Medical facility charges are based on United States Government Medicare Physician Fee Schedule rates. Guests who wish to be seen outside of the posted hours will be charged an additional fee of \$30. The Medical Facility is located near the portside stairs/elevators on Deck 1 aft. Tours of the Medical Facility are not permitted.

Port Safety Information – We would like to advise all of our guests to take extra care on the pier side when leaving and returning to the Liberty of the Seas. These areas are controlled by the local Port Authorities and at times can be hazardous. Please look out for ropes, wires, moving vehicles, dumpsters, rail lines, bollards, steel grates and uneven surfaces. Please take care.

Radios, Tape Recorders and CD Players – Please refrain from using radios, tape recorders or CD players in public areas unless used with headphones. Also, for the enjoyment of all guests, please refrain from the use of walkie-talkies and hand-held radios during all show performances and in all dining venues.

Reserving Seats and Lounge Chairs – Please be advised that the saving of seats in our theaters and lounge chairs poolside and on open decks is strictly prohibited.

royal caribbean online™ – Check stocks or e-mail a friend for a nominal charge. 24 hours access. Located on Deck 8.

Save The Waves – Please refrain from throwing anything overboard either in port or at sea. Please deposit trash in the proper receptacles around the ship. We are doing everything we can to protect the ecology of the oceans that support cruising and are grateful for your cooperation.

Smoking Policy – We have revised our onboard smoking policy, effective for all sailings departing on or after January 1, 2014. Under this new policy, all indoor public spaces will be smoke free, with the exception of the Casino and the Connoisseur Club on Freedom and Voyager Class ships. In the Casino, there will be designated smoking and non-smoking areas. Additionally, smoking will not be permitted in the staterooms or on stateroom balconies. Outdoor smoking areas will be designated on the port side.

Swimming Pools – Please be advised that the Solarium and Solarium Hot Tubs on Deck 11 are for adults only over the age of 16. All families and children are welcome to use the two main pools and the Splashaway Bay on Deck 11. Guests under the age of 16 wishing to enjoy the Main Poolside Hot Tubs must be accompanied by a parent or guardian. In the interest of public health, children in diapers, pullups or who are not toilet trained are not permitted in the swimming pools or hot tubs at any time. We thank the parents/guardians in advance for helping us to enforce these guidelines. If a lounge chair remains unoccupied for 30 minutes or more, our Deck Patrol has been instructed to remove the towels and personal effects. This policy enables all guests to share equally in the enjoyment of the facilities.

Telephone Calls – Calls can be made directly from your stateroom. Dialing instructions are located in the Cruise Services Directory. The telephone rate is \$7.95 per minute and charges will be billed to your SeaPass card. Same rate applies using phone cards or calling 1800 numbers. Friends and family can call you from home. Give them this number: 1-888-RC4SHIP.

United States Department of Agriculture (USDA) Warning – In ports of call, please remember to eat and drink safely. To avoid illness, drink only bottled water, carbonated beverages, beer or wine with no ice. Eat only cooked meat, poultry and seafood and avoid any dairy products and raw fruits and vegetables. Please be advised that guests are not permitted to bring any fruits & vegetables, meats & poultry, cut flowers or soil onboard or off the ship. Any violation of this policy may result in a fine. Thank you for your cooperation.

United States Public Health (USPH) and Center for Disease Control (CDC) Regulation Information – Animal food such as beef, eggs, lamb, milk, pork, poultry or seafood that is raw or undercooked significantly increases risk of foodborne illness to vulnerable and immunodeficient guests.

Wake-Up Calls – Speed dial and enter your preferred wake-up time in 4 digits and press 1 for am or 2 for pm. For example 7:15 am =0715+1 and 2:30 pm =0230+2.

Youth Evacuation Plan (YEP) – All children ages 3–11 years must wear a YEP wristband indicating their assembly station at all times. If your children are participating in an Adventure Ocean program, our highly trained Youth Staff will take them to meet you at your assembly station. All children will be supervised until they are reunited with their parents or guardians. Children who do not already have their YEP wristbands may obtain them at the Guest Relations Desk, Deck 5 or from the Youth Staff at Adventure Ocean activities.

LIBERTY OF THE *SEAS*

Dear Guest,

We are writing to provide health information regarding the Zika virus.

Royal Caribbean International is committed to the safety and health of our guests and crew. We have been closely monitoring the Zika virus situation and are aware that the US CDC has issued a travel alert for certain countries where Zika virus transmission is ongoing, including the following countries on our itinerary: Nassau, St. Thomas and St. Marteen.

On January 15, 2016 the US CDC upgrade their travel notice for Zika virus to alert Level 2 (practice enhanced precaution). Zika virus is transmitted by mosquitoes, and symptoms include fever, headache, red eyes, rash, and joint pain. The illness is usually mild and lasts between 2-7 days.

However, the alert specifically reference women who are pregnant or who are trying to become pregnant. The notice currently only affects specific cruises calling in to certain Caribbean, Central America, and South America countries. In order to reduce the risk of contracting any number of diseases spread by mosquito bite. Including Zika virus, we encourage you to take precautions to avoid mosquito bites by remaining in well-screened or air-condition areas when possible, by wearing light-colored clothing that adequately covers the arms and legs, and by applying insect repellent to both skin and clothing.

Should you have any additional questions about the Zika virus, please visit the CDC website. It is a trustworthy source of information and is regularly update.
(<http://www.cdc.gov/zika/pregnancy/questionanswers.html>).

If you are pregnant and do not feel comfortable participating in pre-purchased Royal Caribbean Shore Excursions, we will be glad to refund your purchased at the Shore Excursions desk, located on Deck 5 (Royal Promenade).

Also our onboard medical staff is always available to answer your questions or concerns.

We do our very best to protect the health and safety of our guests and crew, and we look forward to a safe and pleasant journey together.

Yours truly,

Rune Johnsen
Master

IMPORTANT THINGS TO KNOW TODAY

Suggested Dress Code: Formal: Tuxedo / Dresses
Tuxedos or suits and ties for men and cocktail dresses for ladies. We kindly ask, please no tank tops or hats in the dining room at any time, and no shorts at dinner. We also ask that you please use a cover up over your bathing suit, as well as footwear when entering the Windjammer Café.

ITV Messages

Please review your ITV messages for important information.

Luggage Delivery

We appreciate your assistance on checking the luggage received in your staterooms. Should you find any not belonging to you, kindly place it outside your stateroom and dial "0" for assistance. We appreciate your cooperation in this matter.

General Tips

Please remember that magnetic and electronic devices such as cameras, cell phones and purses or sunglass cases with magnetic clasps will demagnetize your SeaPass[®] Card and you will not be able to open your stateroom door. If this does happen, please stop by the Guest Services Desk and they will print you a new one.

Pools, Hot Tubs and Deck Chairs

Pools are open from 7:00 am until 11:00 pm and selected Hot Tubs are open 24hrs for your enjoyment. Guests are reminded there is no Lifeguard on duty. The Solarium Pool, Hot Tubs and the Solarium area are reserved for guests 16 and older only. Children must be supervised in the two Main Pools and in the Splash Away Bay at all times. As a courtesy to other guests, we ask you not to reserve deck chairs on the upper decks or pool side. Royal Caribbean International is not responsible for theft or loss of property left on deck chairs or pool areas.

Satellite Connection

Due to our positioning and weather, satellite outage may occur during your cruise vacation. This will affect several services, including Internet, telephone, ATM machines, TV broadcasting and daily news. We apologize for any inconvenience.

We're Sensitive!

We kindly request not to flush anything down the toilets except for the supplied toilet paper. Items such as wet wipes, tissue paper, make-up remover wipes, cotton buds, paper towels, sanitary products, nappies etc. will clog the system. Our system is very sensitive and works on a vacuum unlike land based systems. Please do not place excessive amounts of toilet paper in the toilet bowl as this will block the toilet and cause disruption to the entire vacuum system. We appreciate your cooperation.

Wash & Fold Laundry Service

Save yourself the work of doing laundry once you get home. We'll take care of it for you with our Wash & Fold Laundry special. This is an additional service offered beyond our regular laundry service. Fit as much as you can into the bag provided for you and we'll take care of the rest. Available for just \$34.99 per bag. Ask your Stateroom Attendant for more information.

Tomorrow: We will be at sea.

NOTICES

Helpful Health Information

Medical experts tell us that the best way to prevent colds, flu, or gastrointestinal illnesses - such as a Norovirus that can be transferred easily through person to person contact - is to simply wash your hands thoroughly with soap and warm water after restroom breaks and again before eating anything. Symptoms of Noroviruses include an upset stomach, vomiting and diarrhea. In fact, the only illness that is more prevalent is the common cold. Should you experience any gastrointestinal illness, please visit the ship's medical facility for a complimentary consultation and treatment if necessary.

Health Advisory

Diseases Spread by Mosquito - ZIKA virus, Chikungunya virus, Dengue fever: In order to reduce the risk of contracting any number of diseases spread by mosquito bite, including ZIKA virus (in countries where Zika virus transmission is ongoing [see <http://wwwnc.cdc.gov/travel/notices>]); Malaria, Dengue Fever (especially in the Dominican Republic, Puerto Rico, India, Mexico, and Haiti), and Chikungunya (especially in Haiti, Dominican Republic, and St. Martin [both French and Dutch sides]), travelers are urged to take precautions to avoid mosquito bites by remaining in well screened or air-conditioned areas when possible, by wearing clothing that adequately covers arms and legs, and by applying insect repellent to both skin and clothing. The most effective repellents are those containing DEET at a concentration of 20-30%. Mosquitoes carrying the ZIKA virus may bite at all times of the day or night, but there are two peak periods of biting activity - in the morning for several hours after daybreak, and in the late afternoon, for several hours before dark. Pregnant women who are travelling to one of these affected areas may contact our onboard medical center staff, and are encouraged to strictly follow steps to avoid mosquito bites during the trip (see <http://wwwnc.cdc.gov/travel/page/avoid-bug-bites>). Mosquito repellent may be purchased in the onboard gift shop or in the medical facility.

IMPORTANT THINGS TO KNOW TODAY

Suggested Dress Code: Casual

Inclement Weather Advisory

In the event the ship experiences unusual weather or sea conditions causing excessive motion, we advise you to exercise caution. Use available handrails throughout the ship and watch hands and fingers in the doorways. Also, all guests should take extra care when on open decks — there may be strong winds, and/or decks may become slippery when wet. Thank you for your attention in this important matter.

Time Difference

Please be informed that Roatan is one hour behind ship's time. Arrival and departure times, as well as Royal Caribbean Shore Excursions times are advertise on Ship's time. Please remain in ship's time during your cruise vacation. Please note that your mobile phone and other electronic devices may automatically reset itself to local times.

Avoid The Lines

Save time and avoid standing in line. Place a credit card on your SeaPass[®] account today. Guests who opted for a cash account will be required to settle their account at the Guest Services desk before 11:00 pm the last night of your cruise vacation, however those with a credit card on their account will be automatically billed.

Satellite Connection

Due to our positioning, satellite outage may occur during your cruise vacation. This will affect several services, including Internet, telephone, ATM machines, TV broadcasting and daily news. We apologize for any inconvenience.

Careful What You Flush

Our waste disposal system operates using a highly sensitive vacuum system, so we kindly ask you flush nothing other than toilet paper and your waste down the toilets. Personal hygiene products, hand and bath towels, paper towels, food and other items will shut down the system, adversely affecting many areas around the ship. Thank you for your consideration.

General Tips

Please remember that magnetic and electronic devices such as cameras, cell phones and purses or sunglass cases with magnetic clasps will demagnetize your SeaPass[®] Card and you will not be able to open your stateroom door. If this does happen, please stop by the Guest Services Desk and they will print you a new one.

Tomorrow: We will be in Roatan, Honduras

NOTICES

Helpful Health Information

Medical experts tell us that the best way to prevent colds, flu, or gastrointestinal illnesses – such as a Norovirus that can be transferred easily through person to person contact – is to simply wash your hands thoroughly with soap and warm water after restroom breaks and again before eating anything. Symptoms of Noroviruses include an upset stomach, vomiting and diarrhea. In fact, the only illness that is more prevalent is the common cold. Should you experience any gastrointestinal illness, please visit the ship's medical facility for a complimentary consultation and treatment if necessary.

Health Advisory

Diseases Spread by Mosquito - ZIKA virus, Chikungunya virus, Dengue fever: In order to reduce the risk of contracting any number of diseases spread by mosquito bite, including ZIKA virus (in countries where Zika virus transmission is ongoing [see <http://wwwnc.cdc.gov/travel/notices/>]): Malaria, Dengue Fever (especially in the Dominican Republic, Puerto Rico, India, Mexico, and Haiti), and Chikungunya (especially in Haiti, Dominican Republic, and St. Martin [both French and Dutch sides]), travelers are urged to take precautions to avoid mosquito bites by remaining in well screened or air-conditioned areas when possible, by wearing clothing that adequately covers arms and legs, and by applying insect repellent to both skin and clothing. The most effective repellents are those containing DEET at a concentration of 20-30%. Mosquitoes carrying the ZIKA virus may bite at all times of the day or night, but there are two peak periods of biting activity – in the morning for several hours after daybreak, and in the late afternoon, for several hours before dark. Pregnant women who are travelling to one of these affected areas may contact our onboard medical center staff, and are encouraged to strictly follow steps to avoid mosquito bites during the trip (see <http://wwwnc.cdc.gov/travel/page/avoid-bug-bites>). Mosquito repellent may be purchased in the onboard gift shop or in the medical facility."

Liberty of the Seas[®]

DAY 4

Wednesday, October 12, 2016
Today we are in Roatan, Honduras

MEET THE MOST COLORFUL LOCALS IN THE WATERS OF ROATÁN

Dive shops abound in Roatán. Home to the world's second-largest coral reef, this diver's paradise is teeming with colorful marine life. Though just as colorful are all the characters that have passed through the sandy shores of this beautiful Bay Island. Roatán has a long and tangled history of Paya Indians, Spanish conquistadors, British pirates, rebel slaves and more recently, European and North American expatriots. But it's not just the underwater wonders that have lured foreigners to lay down their roots here. Roatán has a very unique cultural identity unlike anywhere else on the mainland of Honduras. Everything here has been perfectly seasoned with Caribbean flavor—from the music and local cuisine to the laidback island lifestyle. Naturally, you'll want to venture out to the reefs for some world-class snorkeling or scuba diving. On land, the beaches are beyond beautiful while the mountainous terrain is perfect for hiking. Old English forts and churches can offer an insight into the rocky colonial days. And when you're ready to kick back at a seaside restaurant, head into the West End Village.

Plus the Liberty Day Spa massage bar and "irrie" sale prices on designer and keepsake items. Lots of other island surprises. Royal Promenade, Deck 5, 7:30 pm - 8:30 pm.

NOTICES

Garbage Disposal
The MARPOL Convention and domestic law generally prohibit the discharge of most forms of garbage from ships into the sea. All garbage is to be retained onboard and placed in the bins provided.

Agriculture Notice
Please be advised that guests are not permitted to bring any fruits & vegetables, seafood, meat & poultry, cut flowers or soil onboard or off the ship. Any violation of this policy may result in a fine. Thank you for your cooperation.

Helpful Health Information
Medical experts tell us that the best way to prevent colds, flu, or gastrointestinal illnesses - such as a Norovirus that can be transferred easily through person to person contact - is to simply wash your hands thoroughly with soap and warm water after restroom breaks and again before eating anything. Symptoms of Noroviruses include an upset stomach, vomiting and diarrhea. In fact, the only illness that is more prevalent is the common cold. Should you experience any gastrointestinal illness, please visit the ship's medical facility for a complimentary consultation and treatment if necessary.

Health Advisory
Diseases Spread by Mosquito - ZIKA virus, Chikungunya virus, Dengue fever: In order to reduce the risk of contracting any number of diseases spread by mosquito bite, including ZIKA virus (in countries where Zika virus transmission is ongoing [see <http://wwwnc.cdc.gov/travel/notices>]): Malaria, Dengue Fever (especially in the Dominican Republic, Puerto Rico, India, Mexico, and Haiti), and Chikungunya (especially in Haiti, Dominican Republic, and St. Martin [both French and Dutch sides]), travelers are urged to take precautions to avoid mosquito bites by remaining in well screened or air-conditioned areas when possible, by wearing clothing that adequately covers arms and legs, and by applying insect repellent to both skin and clothing. The most effective repellents are those containing DEET at a concentration of 20-30%.

Mosquitoes carrying the ZIKA virus may bite at all times of the day or night, but there are two peak periods of biting activity - in the morning for several hours after daybreak, and in the late afternoon, for several hours before dark. Pregnant women who are travelling to one of these affected areas may contact our onboard medical center staff, and are encouraged to strictly follow steps to avoid mosquito bites during the trip (see <http://wwwnc.cdc.gov/travel/page/avoid-bug-bites>). Mosquito repellent may be purchased in the onboard gift shop or in the medical facility.

NOTICES

Garbage Disposal
The MARPOL Convention and domestic law generally prohibit the discharge of most forms of garbage from ships into the sea. All garbage is to be retained onboard and placed in the bins provided.

Helpful Health Information
Medical experts tell us that the best way to prevent colds, flu, or gastrointestinal illnesses - such as Norovirus, which can be transmitted through person-to-person contact - is to simply wash your hands thoroughly with soap and warm water after restroom breaks and again before eating anything. According to the U.S. Centers for Disease Control and Prevention and Public Health Agencies around the world, Norovirus affect millions on land each year. In fact, the only illness that is more prevalent is the common cold. Symptoms of Norovirus include an upset stomach, vomiting and diarrhea. Should you experience any symptoms of gastrointestinal illness, do not go to the ship's medical facility. Call the medical staff at the following number: 8813 for a complimentary consultation and treatment, if necessary. A member of the medical staff will be seeing you in your stateroom.

Agriculture Notice
Please be advised that guests are not permitted to bring any fruits & vegetables, seafood, meat & poultry, cut flowers or soil onboard or off the ship. Any violation of this policy may result in a fine. Thank you for your cooperation.

Health Advisory
Diseases Spread by Mosquito - ZIKA virus, Chikungunya virus, Dengue fever: In order to reduce the risk of contracting any number of diseases spread by mosquito bite, including ZIKA virus (in countries where Zika virus transmission is ongoing [see <http://wwwnc.cdc.gov/travel/notices/>]; Malaria, Dengue Fever (especially in the Dominican Republic, Puerto Rico, India, Mexico, and Haiti), and Chikungunya (especially in Haiti, Dominican Republic, and St. Martin [both French and Dutch sides]), travelers are urged to take precautions to avoid mosquito bites by remaining in well screened or air-conditioned areas when possible, by wearing clothing that adequately covers arms and legs, and by applying insect repellent to both skin and clothing. The most effective repellents are those containing DEET at a concentration of 20-30%. Mosquitoes carrying the ZIKA virus may bite at all times of the day or night, but there are two peak periods of biting activity - in the morning for several hours after daybreak, and in the late afternoon, for several hours before dark. Pregnant women who are travelling to one of these affected areas may contact our onboard medical center staff, and are encouraged to strictly follow steps to avoid mosquito bites during the trip (see <http://wwwnc.cdc.gov/travel/page/avoid-bug-bites/>). Mosquito repellent may be purchased in the onboard gift shop or in the medical facility."

PORT SHOPPING MAP

The Basics

Getting Ashore

Ships dock at Puerto Costa Maya—the first Western Caribbean port built exclusively for the cruise ship industry.

Fast Fact

It is a 70,000-square-foot entertainment and shopping complex with artisan markets, a private beach club, pools, restaurants, bars, and more.

Port Shopping

Silver, leather, fragrances, jewelry, pottery, liquor, crafts, souvenirs: Costa Maya has it all just steps from the ship.

STATS

OFFICIAL LANGUAGE Spanish

POPULATION <2,000

CURRENCY Mexican pesos (MXN)

FUN FACT Just off the coast of Costa Maya is the Great Mayan Reef, an incredible ecosystem that is the second-largest barrier reef in the world.

Never-ending Adventure

WHITE-SAND BEACHES. turquoise waters, and swaying palm trees shape the backdrop for Costa Maya, the Mexican port of call designed exclusively for cruise guests. The remodeled cruise facility is an all-encompassing entertainment complex that features a 70,000-square foot shopping center, a local artisan market, a private beach club, several restaurants, 2 saltwater pools, a 650-seat amphitheater, and all the resources needed to explore the area's natural surroundings.

IT'S CALLED THE MAYAN COAST for a reason: the area surrounding the cruise port is home to one of Mexico's largest population of Mayan descendants and the highest concentration of ancient Mayan archaeological sites. The village of Mahahual is just a 5-minute ride from the pier. In 2007, this quiet fishing town underwent a massive rebuilding project. The renovations included the addition of a promenade along the beach, which now features a range of shops, bars, and restaurants that serve some of the freshest ceviche in the Caribbean. Guests can visit a Mayan home to taste authentic dishes such as buried-earth-cooked chicken, handmade tortillas, and exotic local produce.

Port Highlights

SIGHTS

Chacchoben Ruins 1

Dating back to 1000 BC, the Mayan ceremonial center is the most visited ruin in the region. It's a 50-minute drive from port.

Mahahual 2

The quaint village has a beachfront promenade with shops, bars, and restaurants serving some of the best ceviche in the Caribbean.

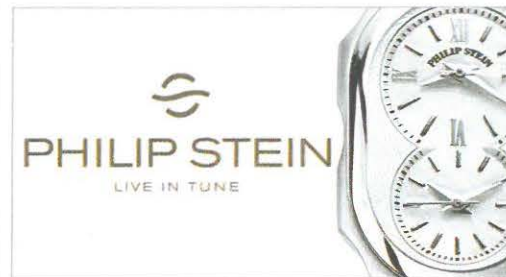

Kohunlich Ruins 3

Best known for the Temple of the Masks, a pyramid with 10-foot sculpted masks of the sun god running up the sides of its stairways.

NOTICES

Garbage Disposal

The MARPOL Convention and domestic law generally prohibit the discharge of most forms of garbage from ships into the sea. All garbage is to be retained onboard and placed in the bins provided.

Helpful Health Information

Medical experts tell us that the best way to prevent colds, flu, or gastrointestinal illnesses – such as Norovirus, which can be transmitted through person-to-person contact – is to simply wash your hands thoroughly with soap and warm water after restroom breaks and again before eating anything. According to the U.S. Centers for Disease Control and Prevention and Public Health Agencies around the world, Norovirus affect millions on land each year. In fact, the only illness that is more prevalent is the common cold. Symptoms of Norovirus include an upset stomach, vomiting and diarrhea. Should you experience any symptoms of gastrointestinal illness, you must visit the ship's medical facility for a complimentary consultation and treatment, if necessary.

Agriculture Notice

Please be advised that guests are not permitted to bring any fruits & vegetables, meat & poultry, cut flowers or soil onboard or off the ship. Any violation of this policy may result in a fine. Thank you for your cooperation.

Important Health Information

Royal Caribbean International adheres to the highest food safety standards in the industry. As part of our food safety process, Royal Caribbean International only purchases food from approved suppliers, which allows us to trace back the origin of any food at any time served on board our ships. Onboard our ships, all non cooked ready to eat produce, is always washed in a sanitizing food safe solution to kill any bacteria which may be left on fruit and vegetables.

The Basics

Getting Ashore

Ships dock at the International Pier, a 10-minute ride from San Miguel, the only city on Cozumel.

Fast Fact

Cozumel, Mexico's largest island, is 12 miles off the eastern coast of the Yucatán Peninsula.

Port Shopping

One of the best Caribbean ports for shopping, you'll find great deals and guaranteed stores all along the waterfront on Avenue Rafael E. Melgar.

FUN FACT Cozumel was a quiet fishing village until 1961, when Jacques Cousteau declared it one of the most beautiful scuba diving destinations in the world.

A Quintessential Destination

COZUMEL HAS IT ALL: a bustling waterfront town, excellent shopping, delicious food, sun-soaked beaches, Mayan ruins, crystal-clear warm waters, and activities galore. Just offshore, the world's second-largest coral reef is part of an underwater national park, one of the many reasons undersea explorer Jacques Cousteau dubbed Cozumel a diver's paradise.

AVENUE RAFAEL E. MELGAR, San Miguel's main road runs along the waterfront. Visitors can procure outstanding deals on luxury jewelry and watches, particularly exotic gemstones and diamonds, as well as handcrafted Mexican silver merchandise. The streets

are lined with shops, so be sure to bring your Port Shopping Map ashore to find the stores backed by the cruise line's port shopping guarantee.

SAN MIGUEL IS LAID OUT in an easy grid around the central Plaza del Sol, an oasis in the midst of the bustling shopping district. It's a great spot to settle in with a refreshing margarita for some people watching. Dining in town is a gustatory treat, a fusion of traditional Mexican cuisine and Caribbean flair. Mouthwatering Mexican classics like tamales and enchiladas frequently appear on menus, but there are more than 90 restaurants, cantinas, and cafés offering a range of international cuisine.

Port Highlights

SIGHTS

Avenue General Rafael E. Melgar 3

The mile-long strip in San Miguel is Cozumel's main duty-free shopping thoroughfare.

Punta Sur National Park 4

Mangroves, beaches, and reefs abound in this ecological reserve at the island's southernmost tip.

Exploring San Miguel

The friendly waterfront community is the island's only center of commerce with plenty of shops, restaurants, and attractions. It has been touted as one of the Caribbean's best ports for duty-free shopping—and the absolute best for silver.

Los Cinco Soles & Panchos Backyard A Head north along the waterfront to check out Los Cinco Soles, an authentic Mexican villa showcasing local handicrafts from every region in Mexico. Next door at Panchos Backyard Restaurant, the guacamole and margaritas make it a must-stop in Cozumel.

Museo de la Isla de Cozumel B The former luxury hotel is now home to Mayan and Spanish colonial artifacts and ecosystem exhibits.

NOTICES

Garbage Disposal

The MARPOL Convention and domestic law generally prohibit the discharge of most forms of garbage from ships into the sea. All garbage is to be retained onboard and placed in the bins provided.

Helpful Health Information

Medical experts tell us that the best way to prevent colds, flu, or gastrointestinal illnesses – such as Norovirus, which can be transmitted through person-to-person contact – is to simply wash your hands thoroughly with soap and warm water after restroom breaks and again before eating anything. According to the U.S. Centers for Disease Control and Prevention and Public Health Agencies around the world, Norovirus affect millions on land each year. In fact, the only illness that is more prevalent is the common cold. Symptoms of Norovirus include an upset stomach, vomiting and diarrhea. Should you experience any symptoms of gastrointestinal illness, you must visit the ship's medical facility for a complimentary consultation and treatment, if necessary.

Health Advisory

Diseases Spread by Mosquito - ZIKA virus, Chikungunya virus, Dengue fever: In order to reduce the risk of contracting any number of diseases spread by mosquito bite, including ZIKA virus (in countries where Zika virus transmission is ongoing [see <http://wwwnc.cdc.gov/travel/notices>]): Malaria, Dengue Fever (especially in the Dominican Republic, Puerto Rico, India, Mexico, and Haiti), and Chikungunya (especially in Haiti, Dominican Republic, and St. Martin [both French and Dutch sides]), travelers are urged to take precautions to avoid mosquito bites by remaining in well screened or air-conditioned areas when possible, by wearing clothing that adequately covers arms and legs, and by applying insect repellent to both skin and clothing. The most effective repellents are those containing DEET at a concentration of 20-30%. Mosquitoes carrying the ZIKA virus may bite at all times of the day or night, but there are two peak periods of biting activity – in the morning for several hours after daybreak, and in the late afternoon, for several hours before dark. Pregnant women who are travelling to one of these affected areas may contact our onboard medical center staff, and are encouraged to strictly follow steps to avoid mosquito bites during the trip (see <http://wwwnc.cdc.gov/travel/page/avoid-bug-bites>). Mosquito repellent may be purchased in the onboard gift shop or in the medical facility.*

LIBERTY OF THE *SEAS*

October 15, 2016

Dear Liberty of the Seas Guest,

I am writing to provide you with important information regarding a delay in our return to Galveston, Texas.

As I mentioned in my announcement yesterday, one of our guest onboard experienced a medical emergency. The guest was initially treated by our medical staff, but required additional and urgent medical attention that can only be provided in a hospital. Therefore, shortly after our departure from Cozumel, Mexico, Liberty of the Seas returned back to port so we could debark our ill guest to provide them with urgent medical care.

As a result of the medical evacuation and speed needed to reach Galveston, regrettably we now anticipate a delay to our arrival to Port of Galveston. We will now arrive to Galveston on Sunday, October 16 at 10:30 a.m., four hours than originally scheduled.

We will continue to open our phone lines to assist any guest that needs to make alternate arrangements and our Guest Services staff is available to assist you, should you have any further questions.

I sincerely regret the impact this medical evacuation has had on our return to port, and I appreciate your understanding. The health and safety of all our guests is always our top priority.

Like you, we wish our guest a speedy recovery.

Sincerely,

Rune Johnsen
Master
Liberty of the Seas

IMPORTANT TIPS & INFORMATION

SNORKELING AND SCUBA PROGRAMS

Guests must consider their physical fitness level and medical history when determining whether these types of tours are appropriate. Guests with cardiac conditions, asthma, diabetes, epilepsy, other heart or respiratory conditions or any other medical condition must take particular caution when selecting a tour with snorkeling/swimming elements, since such water activities could be subject to adverse sea conditions such as high winds, waves and sea current. Guests who have concerns must consult with their personal physician before engaging in any activity that may be strenuous for them, particularly those involving snorkeling/swimming elements.

PERSONAL SAFETY

Your cruise vacation will take you to beautiful ports. However, guests need to be mindful of their personal safety. Crime is a problem worldwide, and the ports-of-call we visit are not immune from criminal activity. It is recommended that you do not bring valuables with you when visiting ports of call and that guests do not travel alone nor travel outside well-populated and tourist areas. A heightened sense of awareness of your surroundings will help you enjoy a memorable visit to our ports-of-call.

WEATHER NOTICE: All tours will operate rain or shine unless considered unsafe to operate.

EXCHANGES: The deadline for exchanges is 24 hours before the tour is scheduled. In the event a tour is cancelled, a full refund will be provided to your onboard account.
